

August 1997

Mr. Roger Lamarche
La Cuisine Volante

Dear Mr. Lamarche,

The 1997 edition of the Franco-Ontarian Festival was an enormous success. In its twenty-two years of existence, the Festival has rarely experienced such good programming, such big crowds and such nice weather. Both by the organizers and by the public, 1997 will not be soon forgotten.

The success of the Festival would not have been possible without the participation of La Cuisine Volante that, once again, contributed greatly to the growth of this event. You will never believe the extent to which the artists that join us appreciate the welcome that we reserve for them. And for certain, it would be impossible to offer such a welcome without you. For your effort and your involvement, I offer you my most sincere thanks.

We look forward to working with you in 1998.

Director of Programming
